

Your time is valuable.  
So is your organization.

Imagine never having to worry about finding the right person for the job again.

Integrated Associates will help you quickly build a team of qualified personnel by recruiting only the best candidates. We have set ourselves apart in the industry by building a unique, comprehensive strategy to finding the right talent consistently for our clients.

## Knowing Your Needs

Changes in technology and business require us to be on top of trends in the marketplace. Not only do we have a sound understanding of what drives your business, we also know that time really does equal money. Building a trusted partnership with you is our first priority. Finding someone who will fill the role beyond your expectations is how we make this happen.

## Our Process Strategy

Our company has experienced significant growth in a struggling economy. Why? Because our hiring strategy is effective and we always come through for our clients.

What we do:

- Detailed Candidate Screening
- Face-to-Face Interviews
- Additional Screening as Requested (Background and Credit Checks, Drug Screens, etc.)
- Technical Skills Testing & Evaluation
- Reference Verifications

## The "IT" Factor

By aligning ourselves with only the top talent in the industry, we have been able to help businesses like yours succeed in permanent, short-term and long-term projects nationwide. We always pursue the best candidates for our clients.

Specializing in:

- Software Development
- Infrastructure
